Flying in Finland

How to fly [VFR in Finland](#)

[Links & Sceneries](#) for Finland

EFTP - Tampere-Pirkkala

Check [EFTP pilot procedures](#) for more information.

Combined civil and military aerodrome (yhteistoimintakenttä). Procedures for military flights [here](#).

FinnHEMS medical helicopter base located at aerodrome. Local procedures regarding medical helicopter flights can be found [here](#).

Runway selection

Normally, an aircraft will land and take off into wind unless safety, the runway configuration, meteorological conditions and available instrument approach procedures or air traffic conditions determine that a different direction is preferable.

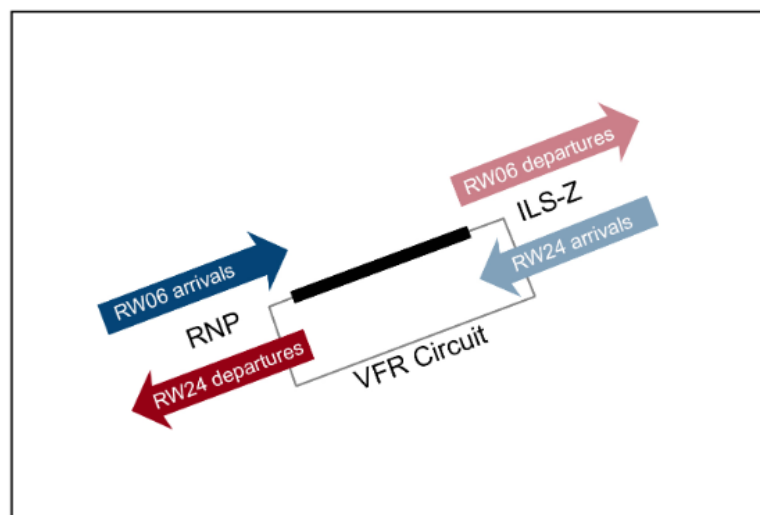

The **preferred runway** when wind direction, meteorological conditions and traffic needs permit:

DEP 24

ARR 06

Note! Instrument Landing System (ILS) is only available for runway 24, which shall be used for landings in low visibility.

Preferred VFR circuit south of aerodrome:

Local Military Areas

- South-east side of RWY 06/24 (MIL APN 1, 2, 3 South/North & 4)

EFKA - Kauhava
