

Data Protection Policy

Introduction

We respect your privacy and are committed to protecting it through our compliance with this data protection policy ("Policy"). This Policy describes the types of information we may collect from you or that you may provide ("Personal Information") on the vatsim-scandinavia.org website ("Website" or "Service") and any of its related services (collectively, "Services"), and our practices for collecting, using, maintaining, protecting, and disclosing that Personal Information. It also describes the choices available to you regarding our use of your Personal Information and how you can access and update it.

This Policy is a legally binding agreement between you ("User", "you" or "your") and VATSIM Scandinavia (doing business as "vACCSCA", "VATSCA", "we", "us" or "our"). By accessing and using the Website and Services, you acknowledge that you have read, understood, and agree to be bound by the terms of this Policy. This Policy does not apply to the practices of organizations that we do not own or control, or to individuals that we do not employ or manage.

VATSIM Scandinavia has a Data Protection Officer whose role is to inform staff and board members of vACCSCA of relevant privacy regulations, to monitor and control the compliance and adherence to said privacy regulations as well as internal privacy policies, and to be a contact point for our users, staff and board members for any inquiries related to how we process Personal Information. Additionally, the Data Protection Officer is a contact point for relevant Data Protection Authorities, and can be reached by e-mail at dpo@vatsim-scandinavia.org.

1. Personal Information

To use our Website and Services, you need to have a registered account with [VATSIM](#). Their Privacy Policy can be found [here](#), and their Data Protection and Handling Policy can be found [here](#). This is necessary, as we are an entity of VATSIM, and act partially on their behalf in the Nordics. We do not automatically process Personal Information simply by you registering an account with VATSIM and transferring your membership to vACCSCA. This will be further explained in this Policy.

1.1. Collection of Personal Information

When you open the Website, our servers automatically record information that your browser sends. This may include information such as your device's IP address, browser type, or language preferences, as well as pages of the Website and Services that you visit, the time spent on those pages, information you search for on the Website, access times and dates, and other statistics. Information collected automatically is used only to identify potential cases of abuse and establish statistical information regarding the usage and traffic of the Website and Services. This statistical information is not otherwise aggregated in such a way that it would identify any particular User.

You can access and use our Website without giving us Personal Information. If, however, you wish to use our Services or some of the features on our Website, you may be asked to provide certain Personal Information.

We receive and store any information you knowingly provide to us when you log in to our Website and Services, publish content, or fill any forms on the Website. When required, this information may include the following:

- Account details such as VATSIM Certificate ID and related information
 - *We do not, however, process your password as the log-in is handled by VATSIM's infrastructure centrally*
- Contact information, such as e-mail address and [Discord](#) User ID
- Basic personal information, such as name and country of residence
- Any other information you willingly submit to us

Some of the information we collect is directly from you via our Website and Services. However, we do collect Personal Information about you from other sources, such as other VATSIM entities, third-party data providers and open sources, where you have consented to them sharing data with us.

In order to access our Website and Services, you need to login through VATSIM Connect, which functions as a single-sign on for VATSIM related services. When you login through VATSIM Connect, you are asked for an expressed consent for VATSIM to transfer data to us. In this case, VATSIM acts as the Data Controller, and We act as the Data Processor. This information may vary depending on the Service you are connecting to, but may include the following:

- Your VATSIM membership status, such as Certificate ID and ratings
- Identifying information about you, such as your name, country of residence and e-mail address

Information we may collect from other sources, include:

- Demographic information, such as age
- Device information, such as IP addresses and geographic location
- Online behavioural data, such as information about your Social Media usage, page view information, and search results

You can choose not to provide us with your Personal Information. However, that means you will not be able to use some of the features on the Website, and our Services will be unavailable to you.

1.2. Privacy of Children

We do not knowingly collect or process any Personal Information from children under the age of 13. If you are under the age of 13, please contact us at dpo@vatsim-scandinavia.org so that we can delete your Personal Information from our infrastructure. If you know or suspect that a User of our Website and Services is under the age of 13, please contact us as well, so we can handle the situation appropriately.

2. Your Rights

If you are a resident of the European Union ("EU") or the European Economic Area ("EEA"), you have certain data protection rights and we aim to take reasonable steps to allow you to correct, amend, delete or limit the use of your Personal Information. If you are not a resident of EU or the EEA, you still reap the benefits of these rights according to this Policy (with the exception of the right to raise a complaint).

In certain circumstances, you have the following data protection rights:

- **Right to withdraw consent**

- When the legal basis for our processing of your Personal Information is consent, you can withdraw said consent at any time. Withdrawal will not affect the lawfulness of the processing before the withdrawal.
- To manage your consents, you can login to [Handover](#).

- **Right to transparent information**

- You have the right to transparent information about how we process your Personal Information, and how we process any requests with regards to the processing of your Personal Information.
- This Data Protection Policy, as well as the DPO e-mail serve as some of the functions fulfilling your right to transparent information.

- **Right to access**

- You have the right of accessing the Personal Information we process, except where this may adversely affect the rights of other natural persons. This includes obtaining a copy of your Personal Information in a machine-readable format.
- Any *right to access* requests should be directed to our DPO.

- If any of the Personal Information is inaccurate, you have the right to request us to correct it. You also have the right to request us to complete the Personal Information, should you believe it is incomplete.

- **Right to object**

- When the legal basis for our processing of your Personal Information is public interest or legitimate interests pursued by us, you may object to such processing. This may include situations where you believe our processing of Personal Information provided by VATSIM is unlawful.
- To object to our processing of any such Personal Information, please contact our DPO providing a ground related to your particular situation to justify the objection.

- **Right to restrict**

- In the following circumstances, you have the right to restrict the processing of your Personal Information:
 - The accuracy of your Personal Information is contested by you and we must verify its accuracy;

- We no longer need your Personal Information for the purposes of processing, but you require it to establish, exercise or defend your legal claims;
- You have objected to processing pending the verification of whether our legitimate grounds override your legitimate grounds.
- Please note that a *right to rectification* or a *right to object* request does not trigger us to automatically restrict processing of your Personal Information without a specific *right to restrict* request, which can be forwarded to our DPO.

- **Right to erasure**

- You have the right to have your Personal Information deleted by us in the following circumstances:
 - The Personal Information is no longer necessary in relation to the purposes for which it was collected or otherwise processed;
 - You withdraw consent to consent-based processing;
 - You object to the processing under certain rules of applicable data protection law;
 - The personal data have been unlawfully processed
- There are certain exclusions of the right to erasure, which include:
 - The processing of Personal Information is required for exercising the right of freedom of expression and information;
 - To comply with legal obligations;
 - For the establishment, to exercise, or defense of legal claims
- Please note that a *right to withdraw consent* or a *right to object* request does not automatically trigger the erasure of your Personal Information unless the data is processed solely on the basis of consent or the objection is valid under GDPR. If you wish to request erasure, please forward a specific right to erasure request to our DPO

- **Right to raise a complaint**

- You have the right to raise a complaint with a competent data protection authority about our processing of your Personal Information if you are not satisfied with the outcome of any complaints directly with us. To exercise your rights as stated above, please contact our Data Protection Officer at dpo@vatsim-scandinavia.org or as otherwise specified in the Policy. Please note that we may ask you to verify your identity before responding to such requests.

We act as a data controller and data processor in terms of the GDPR when handling Personal Information, unless the data provided comes from VATSIM centrally, in which case VATSIM acts as the data controller. In such instances, VATSIM acts as a data controller as they determine the purposes and means of the processing of Personal Information.

We act in the capacity of a data processor in situations when you submit Personal Information through the Website and Services. We do not own, control or make decisions about the submitted Personal Information, and such Personal Information is processed only in accordance with your instructions.

As the security of Personal Information depends in part on the security of the device you use to communicate with us and the security you use to protect your credentials, please take appropriate measures to protect your own information.

5.2. Data Breach

In the event that we become aware of a breach of the Personal Information we process, we reserve the right to take reasonably appropriate measures, including, but not limited to, investigation and reporting, as well as notification to and cooperation with law enforcement authorities.
