

AIPs (Iceland, Greenland, Faroe Islands)

The **Aeronautical Information Publication (AIP)** is a publication issued by or with the authority of a state and containing aeronautical information of a lasting character essential to air navigation. AIPs contain details of regulations, procedures and other information pertinent to the operation of aircraft in the particular country to which it relates.

The Reykjavik CTA and underlying aerodromes/airspace have three relevant AIPs:

- **Icelandic AIP:** <https://eaip.isavia.is/>
- **Greenlandic & Faroe Islands AIP:** <https://aim.naviair.dk/en/>
